

# SQHN Workshop Evaluation

September 2013

# Confidence and Abilities

I am confident that I can perform the tasks that were trained.

I will be able to immediately use what I learned.

The training will help my group improve safety.

Training was an effective use of my time.

The training was well organized.

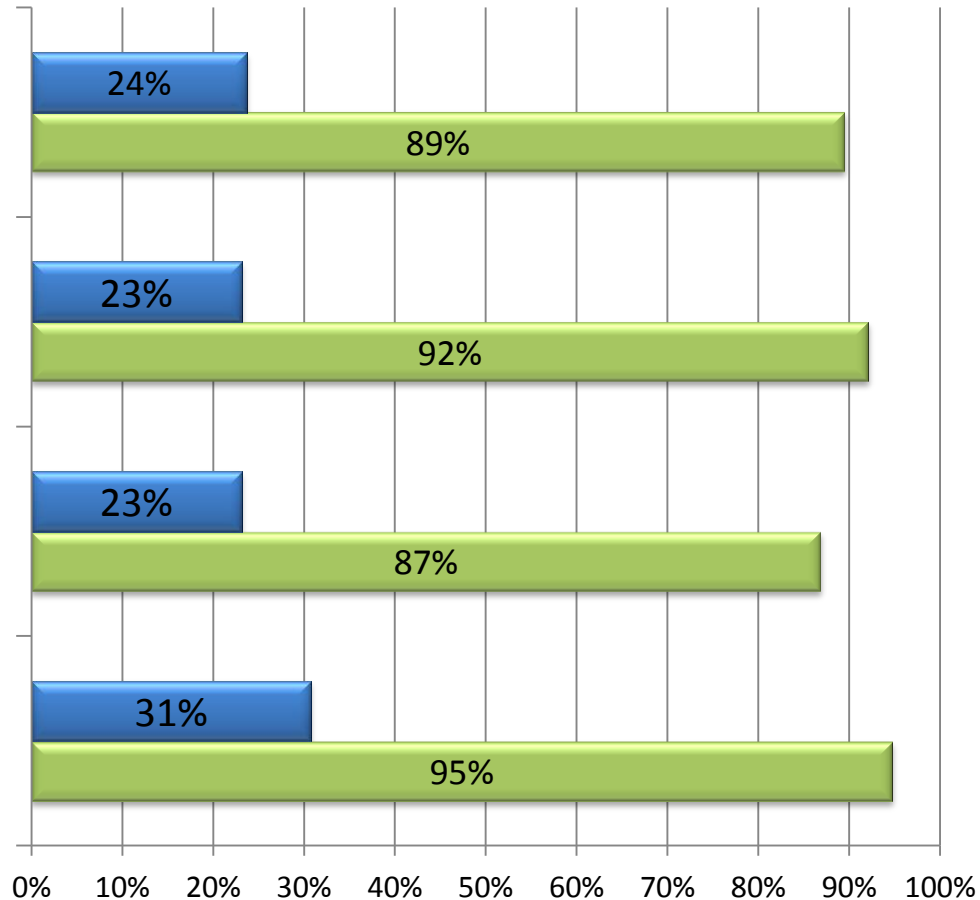

■ Strongly Disagree ■ Disagree ■ Neutral ■ Agree ■ Strongly Agree

N = 39

# Confidence and Abilities

My ability to determine the next patient safety leadership tool to improve or implement.

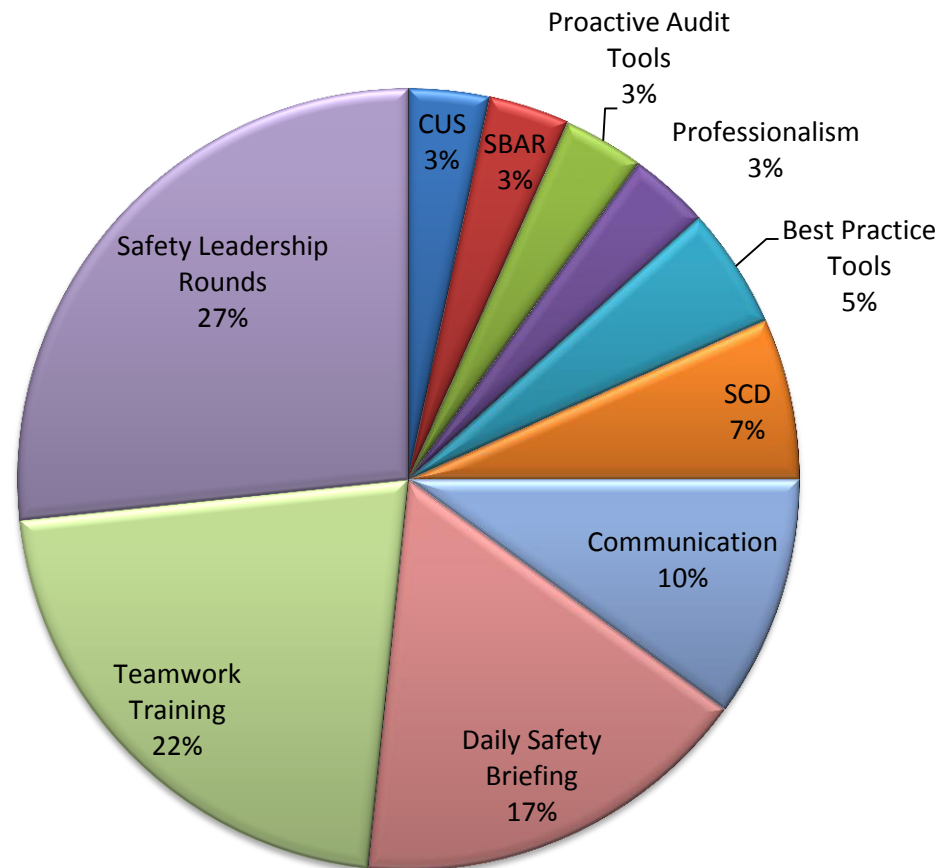

**Percent Positive Response**

■ Before Training ■ After Training

"High" and "Very High" are considered positive responses.

**Which of the tools and strategies presented will you implement in your area within the next 6 months?**

N = 39

## What could make this training more effective?

- More practical examples
- More time for exercises and case studies.
- Receive presentations after training
- More feedback and evaluation of participants.
- More hands on workshops and activities.
- Give lecture notes/slides to attendees. Give single pages of bullets and highlights on each topic at start.
- Allow for more time or more facilitators.

N = 39

- “Will certainly attend the next training and will encourage others to do the same”
- “For a non-clinician, it was very useful and encouraging”
- “I enjoyed every aspect of this training and happened that many leaders from my company are here a - Please organize this more often.”
- “Make available the laptop speakers and datacard which has the lecture - for a fee. It is difficult to get the data from workshops/seminars quickly or not at all. And many times it is not possible to remember all that has been said or discussed or asked.”
- “Very enlightening and motivating lectures. will embrace my quest for patient safety and improve my practice.”
- “Organize such workshops more often (quarterly)”
- “A highly informative workshop and the facilitator was very concise, skilled, knowledgeable, and was able to carry participants along.”
- “Steve is a really great trainer and got me engaged and thinking!”
- “The facilitator has excellent knowledge of topic, used practical examples and managed time well.”
- “A banner for directions (proper directions to venue).”
- “The importance of patient safety in healthcare cannot be over-emphasized.”
- “Workshop has further prepared me for change in safety culture of our hospital.”
- “Lots of information in a short time.”
- “Well organized training . More facilitators to handle the training in future.”
